1. Introduction

The Community Enhancement Programme (CEP) provides funding to community groups across Ireland to enhance facilities in disadvantaged areas. The CEP is funded by the Department of Rural and Community Development (*the Department*) and administered by Kerry County Council in conjunction with the Local Community Development Committees (LCDCs) in each Local Authority area.

The Department provides funding to each Local Authority (LA) area and in Kerry, Kerry County Council in conjunction with the LCDC then administers this funding locally to ensure funding is targeted appropriately towards addressing disadvantage in the areas that need it most.

It is important to note that other agencies and departments also invest in disadvantaged areas¹. The CEP will operate in a complementary manner to add value to other front-line schemes and programmes being operated in communities.

¹ For example, the Department of Education and Skills in DEIS schools and community liaison officers, HSE in community care services, DSP in Intreo and through the Local Employment Service etc. This Department of Rural and Community Development also operates the SICAP (Social Inclusion and Community Activation Programme to assist individuals and groups from disadvantaged communities.

Grants:-

There are two levels of grant available under the programme in Kerry:

1. Small scale capital grant of €1,000 or less
2. Capital grant in excess of €1,000

The Department has recommended that LCDCs ring-fence a portion of the funding allocated to provide small capital grants of €1,000 or less. This is aimed at assisting small grassroots community projects to get off the ground. Ring-fencing funding at this level will allow a larger volume of those with limited resources to receive some funding. The programme can also fund or partially fund larger scale capital projects to address disadvantage.

2. Who is eligible to apply?

2a. Organisations eligible for funding

- Locally based community and voluntary groups in disadvantaged urban and rural areas, and,
- Not-for-profit organisations.

2b. Organisations **NOT** eligible for funding

- Commercial organisations, individuals and for-profit organisations are not eligible for funding under this programme.

3. What projects are eligible for funding?

3a. What projects are eligible for funding?

The funding covers **capital projects only** and should demonstrate added value. Projects or elements of projects of a capital nature may be funded. In cases where both current and capital works are carried out together, only the capital element can be funded through this Programme.

Funding could fill in gaps in Local Authority funding and make particular projects viable or improve them Funding could be applied to speed up and improve projects already identified i.e. those in the planning stage or ready to implement.

Projects in line with Kerry County Council's Age Friendly Strategy and also projects which have been developed to reduce the impact of the COVID 19 pandemic on communities will receive priority.

The following provides a non-exhaustive list of capital projects that could receive funding under the programme:

- COVID 19 Capital Related Expenditure
 - Hand Hygiene and Safety Measures at public amenities
 - Adaptation to Community centres and social spaces for COVID 19 related measures
 - Purchase of IT Equipment for Community usage and to facilitate training for older people
 - Improvement works to create safe outdoor recreation spaces
- Accessibility projects
 - Home Maintenance Programmes
 - Provision of comfortable, safe meeting spaces for older people (indoor and outdoor)

Target groups

This funding is targeted towards enhancing community facilities for individuals and communities that are impacted by disadvantage as identified in the LECP.

3b. What is not eligible for funding?

The following expenditure is not eligible for funding:

- Any project not in keeping with the ethos of the Programme
- Routine maintenance, minor repairs or other ongoing costs (*for example, replacement of filters or light bulbs, transport costs, refreshments, painting, minor repair of components or items subject to wear and tear, etc.*)
- Any day-to-day expenses (i.e. current or operating costs)
- Employment costs
- Legal fees
- Project management fees
- Purchase of lands or buildings
- Feasibility studies
- Private or commercial operations

4. Requirements of the Programme

The following conditions apply to **all** projects. Depending on the nature of your project (and the group applying), there may be further requirements that must be met. Kerry County Council will discuss this with you, if your application is successful.

Tax Requirements - Any applicant group/organisation must be tax compliant. In line with revised tax clearance procedures, which came into effect in January 2016, the Tax Clearance Access Number and Tax Reference number must be submitted for verification purposes.

VAT – VAT will only be paid where it is included in the application amount. No further requests for VAT payments or repayments will be accepted.

Statutory Consents - Applicants must ensure that **all** necessary statutory permissions or consents have been obtained before any works commence:

- This includes but is not confined to planning permission.
- Applicant groups will be expected to have ownership or effective control of the land and/or buildings affected by the grant and have a constitution to ensure continuity of responsibility into the future.
- Where required, written consent from landowners/property owners will be required for any works undertaken.

Insurance - Written evidence of a valid insurance policy may be requested by Local Authority, where relevant, during the applications review process.

Acknowledgment of funding - Due to the value of some of these grants, it would not be cost-effective to require signage acknowledging the Department, Kerry County Council and Kerry's LCDC. Other suitable acknowledgements will suffice e.g. on a group/organisation's website or social media platforms. Where signage is developed it should acknowledge the contribution of the Department and Local Authority.

Match-funding - this is not a requirement under this programme.

5. Selection Criteria

Applications will be evaluated by the LCDC to ensure eligibility and that they are targeted at addressing disadvantage as identified in the LECF.

Projects must be in keeping with the ethos of the programme, which is to provide funding to communities across Ireland to enhance facilities in disadvantaged areas.

Projects may also be judged having regard to how they:

- Complement the Local Economic and Community Plan and Kerry's Age-Friendly Strategy.
- Address health and safety issues for local communities in response to the current COVID 19 Pandemic
- Invest to increase or extend the use of the facility for older people
- Improve and extend access to facilities within the catchment area
- Invest to increase or extend the use of the facility, for example, to voluntary and community groups;
- Have a positive impact on the environment and the wellbeing of the local community
- Demonstrate collaboration with the local authority or other relevant bodies in the catchment area;

- Support the creation of a sense of place within the community including through the enhancement of the built environment;

Projects may also be judged having regard to additional criteria deemed appropriate by the LCDC which demonstrate the added value of the project or element of a project in suitably addressing the programme's aims in each Local Authority administrative area.

6. Corporate Governance

6a. Monitoring: Grantees will be required to comply with the highest standard of transparency and accountability as documented in Department of Public Expenditure and Reform Circular 13/2014 - Management of and Accountability for Grants from Exchequer Funds <http://circulars.gov.ie/pdf/circular/per/2014/13.pdf>

The overall principle is that there should be transparency and accountability in the management of public funds, in line with economy, efficiency and effectiveness. The circular outlines, for example, that grant recipients should not dispose of publically funded assets without prior approval.

6b. The Code of Governance for Community and Voluntary organisations

The Department is encouraging funded bodies to adopt the Governance Code, a Code of Practice for Good Governance of Community, Voluntary and Charitable Organisations, which will assist in achieving excellence in all areas of your work. The Governance Code asks organisations to agree to operate to key principles in order to run their organisation more effectively in areas such as leadership, transparency and accountability and behaving with integrity. Further information on the Code is available at www.governancecode.ie

7. Approval Procedures

All applications for funding under this programme received by each LCDC will be reviewed and assessed to ensure consistency with the relevant Local Economic and Community Plan (LECP).

In deciding the final allocations of funding to projects, the LCDC may take account of a number of factors including geographical balance and the desirability to fund a variety of different projects and the relative disadvantage of the area where the facility is located (or will serve)².

Following the decision each approved project, subject to the completion of legal formalities and other requirements, will receive an offer in principle of grant-aid. This will be subject to

² This may include cross-referencing the location of the facility (or the area it serves) with the Pobal Hasse deprivation index which is available on www.pobal.ie.

compliance with the relevant conditions and subject to the satisfactory acceptance by the applicant of that offer.

The right is reserved to reassign the funds offered to another approved project if all requirements are not met within a reasonable period.

The Department and/or the Local Authority reserve the right to carry out an audit of expenditure or conduct inspections from time to time.

Please Note:

Requests for assistance usually exceed the funds available and it is important therefore that the process of evaluation is rigorous. The purpose of this process is to ensure that the best projects, taking all factors into account, emerge and receive support. It is Departmental policy to ensure that every application is treated fairly and impartially.

Offers of funding may be for a lesser amount than that sought by the applicant. Applicants should be aware that the Programme may be oversubscribed. Therefore, in such circumstances, all applications fulfilling the conditions may not be successful or may be for a lesser amount.

The LCDC in evaluating proposals received may seek advice and consult with other agencies and may disclose information on projects under consideration to those experts and agencies.

- Applicant groups shall self-certify that they do not have the funding to undertake the work, without the grant aid, or alternatively that with the grant they will now undertake a larger project which they otherwise would not be able to afford.
- If the funding application is for one element of a project, applicants will be required to provide documentary evidence of the availability of the balance of funding for that particular element of that project.
- There is no limit on the number of applications for different projects from any organisation. However, applicants should be aware that an equity/fairness approach will be taken by the LCDC to ensure an even distribution of funding.
- The Programme is 100% exchequer funded. Applicants are free to leverage other funding/match funding for projects (e.g. with LEADER, Tidy Towns, Town and Village Enhancement funding, etc.) although that is not a requirement of this new programme.
- It is the responsibility of the administrators of/body responsible for any other funding scheme or programme to ensure that using this Programme to co-fund a project does not contradict the rules of that other scheme/programme.
