## 4. Funding & Timelines

- (i) **Funding:** Figures to be provided on a year-by-year basis. Full details required for **Category A** proposals. Best estimates required for **Category B** proposals, to enable an overview of potential future URDF commitment.

	2020 (€)	2021 (€)	2022 (€)	2023 (€)	Post 2023 (€) <i>(If applicable)</i>	Totals (€)
<b>Amount of URDF funding requested</b>						
<b>Match funding amount (min. 25% of total annual cost)</b>						
<b>Total envisaged cost of proposal</b>						

For both **Category A and B** proposals, a breakdown of all key task elements of the proposal delivery timeline. For Category A proposals, this will be more detailed.

	2020	2021	2022	2023	Post 2023 <i>(If applicable)</i>

For **Category B** proposals, provide a breakdown of further proposal development.

2020	2021	2022

## 5. Evaluation Criteria

Under the URDF there are five principal evaluation criteria. Please outline briefly how the proposed project addresses each of these criteria (listed below). Please note that should the proposal be selected to be brought forward to application stage then further development of the proposal may be required under each of these criteria.

### 1. Compatibility with NPF/NDP Objectives

To evaluate the overall suitability of the proposal and, the extent to which it will be transformational and relevant.

- (i) **Vision** Information provided must relate to the scope of ambition, scale and impact of the proposal to achieve place-based change
- (ii) **Support for National Planning Framework/National Development Plan National Strategic Outcomes:** With reference to **National Strategic Outcome No. 1 Compact Growth** to include a focus on enhanced 'liveability', quality of life, and capacity to build on existing assets, but also in relation to other outcomes in support of compact growth. While not necessary to identify relevance to all ten NSOs, it would be advantageous to demonstrably impact on more than one.

### 2. Commitment to Implementation

To evaluate financial and human resource inputs and, the extent to which they will be catalysts for change and will ensure implementation.

- (i) **Leveraged Co-Funding:** The extent and nature (including source) of leveraged co-funding (which must be at least 25% of the value of the bid proposal) and how this proposal will enable investment in urban development that might not otherwise occur within the proposal timeframe
- (ii) **Governance and Management:** Proposed governance and management arrangements for implementation, reporting and monitoring, via the Lead Partner

### 3. Collaboration

To evaluate joint working between bodies/sectors and/or areas/networks that will add value, ensure efficiency and broaden impact.

- (i) **Inter-Organisational:** The extent of collaboration between public bodies and/or between public bodies with the private sector and/or the community/voluntary sector, specifically through co-ordinated investment and decision-making across multiple stakeholders that will add value and contribute to efficient delivery, as well as promote replicability and learning.
- (ii) **Geographic/Networked:** The extent of collaboration between different geographically-based bodies for this proposal, particularly where there is potential to jointly address common/complementary issues and/or to operate on a networked basis, specifically through complementary investment and decision-making that will broaden impact and avoid duplication as well as promote replicability and learning.

### 4. Innovation and Integration

To evaluate the level of innovation and quality of regeneration and scope for co-ordinated local and regional development.

- (i) **Tailored Innovation:** The extent to which proposals address, in an innovative and qualitative manner, specific urban issues, such as social disadvantage, economic change, physical and/or environmental degradation, sustainable mobility and/or the legacy of rapid or unplanned growth.
- (ii) **Local and Regional Development:** The extent to which proposals fulfil the overall objectives of plan-led development, and/or co-ordinate with and/or contribute to evidence-based strategies for social, economic and physical/ environmental development, for example the Regional Social and Economic Strategies and City/County Development Plans.

### 5. Viability of the Proposal

To evaluate economic impact and deliverability

- (i) **Leveraged Investment:** The extent of leveraging of wider, indirect private sector investment in the delivery of homes and/or commercial floorspace, the value of which must be at least 100% of the value of the bid proposal, together with any other leveraged investment not addressed under criterion 2(i) above, which may include employment and/or training/skills
- (ii) **Deliverability:** This is an opportunity to set out in detail the factors in relation to deliverability of the proposal, including:

Capacity to deliver, the track record of project partners and their experience of similar projects.

Whether planning consents or other approvals/licences are required/secured.

Any land ownership/access/control issues.

Detailed design.

Level of procurement readiness.
